**Q:** *What events or special offers do you have coming up in the next few weeks?*

**A:** I'll be serving bubbly and treats from Guglhupf on Friday February 12 from 4-7 PM to get in the mood for Valentines Day.

In addition, I'd really like to do something more for the Haitian Relief Fund so I am donating a percentage of all sales through February to the American Red Cross efforts in Haiti.

**Q:** *What makes your business unique to your clients or customers?*

**A:** Outsider art is so special because the artists are untrained but are still able to use art to tell their stories. At the moment I've got a wonderful display of work by Mose Tolliver, Jimmy Lee Sudduth, Bernice Sims and Black Joe Jackson to celebrate African American History month.

**Q:** *What is your favorite part about what you do?*

**A:** I love finding new artists to showcase; right now I have some amazing (and affordable!) work from Bart Schultz, "The Masking Tape Guy," who makes all of his art out of masking tape.
